

MDJB-1/1

PV Plastic Combiner Box-1 string input 1 string output

- | | |
|------------------------------|---|
| • Max Voltage: 600V | • Enclosure type: 6 ways/8ways |
| • Max Current Output: 63A | • Degree of Resistance to Impacts: IK10 |
| • Material Type: PC | • Installation: Wall Mounting |
| • Degree of Protection: IP65 | • Dimension (WxHxD): 206x160x106mm |

MDJB-2/1

PV Plastic Combiner Box-2 strings input 1 string output

- | | |
|------------------------------|---|
| • Max Voltage: 600V/1000V | • Enclosure type: 8 ways/12 way |
| • Max Current Output: 63A | • Degree of Resistance to Impacts: IK10 |
| • Material Type: PC | • Installation: Wall Mounting |
| • Degree of Protection: IP65 | • Dimension (WxHxD): 245x235x125mm |

315x235x125mm

MDJB-2/2

PV Plastic Combiner Box-2 strings input 2 strings output

- | | |
|-------------------------------|---|
| • Max Voltage: 600V/1000V | • Enclosure type: 12 ways/18ways |
| • Max Current Output: 32A/63A | • Degree of Resistance to Impacts: IK10 |
| • Material Type: PC | • Installation: Wall Mounting |
| • Degree of Protection: IP65 | • Dimension (WxHxD): 315x235x125mm |

425x235x125mm

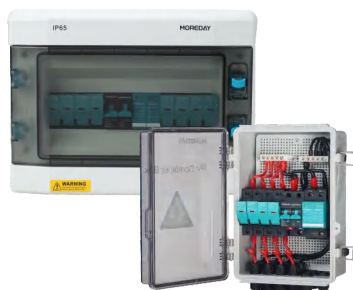

MDJB-3/1

PV Plastic Combiner Box-3 strings input 1 string output

- | | |
|------------------------------|---|
| • Max Voltage: 1000V | • Enclosure type: 12 ways |
| • Max Current Output: 63A | • Degree of Resistance to Impacts: IK10 |
| • Material Type: PC | • Installation: Wall Mounting |
| • Degree of Protection: IP65 | • Dimension (WxHxD): 315x235x125mm |

MDJB-4/1

PV Plastic Combiner Box-4 strings input 1 string output

- Max Voltage: 600V/1000V
- Max Current Output: 63A
- Material Type: PC
- Degree of Protection: IP65
- Enclosure type: 12 ways/18ways
- Degree of Resistance to Impacts: IK10
- Installation: Wall Mounting
- Dimension (WxHxD): 315x235x125mm

425x235x125mm

MDJB-4/2

PV Plastic Combiner Box-4 strings input 2 strings output

- Max Voltage: 1000V
- Max Current Output: 32A/63A
- Material Type: PC
- Degree of Protection: IP65
- Enclosure type: 18 ways/24 ways
- Degree of Resistance to Impacts: IK10
- Installation: Wall Mounting
- Dimension (WxHxD): 425x235x125mm

315x405x125mm

MDJB-6/2

PV Plastic Combiner Box-6 strings input 2 strings output

- Max Voltage: 1000V
- Max Current Output: 63A
- Material Type: PC
- Degree of Protection: IP65
- Enclosure type: 24 ways
- Degree of Resistance to Impacts: IK10
- Installation: Wall Mounting
- Dimension (WxHxD): 315x405x125mm

MDDB

AC Combiner box

- Capacity: 8-50kW
- Rated Current: 1-63A
- Material: PC+ABS
- Rate voltage: 220V/380V
- Rated frequency: 50-60Hz
- Degree of Protection: IP65
